

# You are invited to a presentation and discussion of the recommendations of the **Healthy Playgrounds Task Force**

**Play is** an opportunity to be **active** and have **fun**. It is also how we learn to **develop** physically, **challenge** ourselves, think **creatively** and **imaginatively**, **explore** and **learn** about the outside world, and make **friendships**.

Cambridge's parks and playgrounds are important settings for play. They serve people of all **different ages** and **ability levels**, with a **variety** of interests.

The City's **Healthy Playgrounds Task Force** was brought together to discuss ways that Cambridge can make its future parks and playgrounds better at supporting play that is **engaging**, **challenging**, **imaginative** and **social**.

**Wednesday, December 2**  
**7:00 – 9:00 pm**  
**Cambridge Senior Center**  
**806 Massachusetts Ave**
